

A guaranteed sieve of wheat was standardized for quality improvement

The head of the Ministry of Jihad of Agriculture declined to standardize the sake of guaranteeing the purchase of wheat by refusing the presence of waste in purchased wheat .

Abbas Keshavarz on the sidelines of the “National Meeting of the Headquarters and Provincial Managers of the Central Organization of Rural Cooperatives of Iran” in response to the question that with the standardization of the wheat purchase guarantee guarantee, we will not see any guarantees for wheat purchase losses. He said: The previous (raised) lesions were not external.

In response to the question, “If scraps were not guaranteed for wheat purchase, then why was it recently announced that wheat was guaranteed to be standardized?”, He said: “The standardization of wheat (guaranteed wheat purchase) was done to improve its quality.”
